The NSPF (National swimming pool foundation) C.P.O training course is the most respected pool and spa maintenance course in the world with over 250,000 people trained to date.

Once delegates have taken the full course they will be an accredited C.P.O operator for 5 years. Also delegates will have direct access to the instructors for additional information, advice and guidance when required as well as information relayed to them on a regular basis from the NSPF.

The badge you can trust for your pools.

Are you aware that swimmers can catch the following diseases from the pools you maintain?

Cryptosporidium

Giardia

Shigella

E-Coli 0157:H7

Herpatitis A

Legionnaires and more

CMS Training Centre, 7 Argyris Eftaliotis, Limassol 3085

The next full courses are: 15-16 February, Pafos, Aloe Hotel,
3-4 April, Limassol, CMS Training Centre, 2=3 May, Protaras, Perneria Beach Hotel

Call Christina Aradipiotis for more information
